## Monday, 12 December 2016

### Nature of Dark Matter: Cross Topic Parallel Session (14:30 - 17:00)

time	[id] title	presenter
14:30	[5] Studying generalized dark matter interactions with extended halo-independent methods	KAHLHOEFER, Felix
14:55	[6] Axion dark matter from topological defects	SAIKAWA, Ken'ichi
15:20	[7] FUNK dark photon search: status and perspectives	VEBERIC, Darko
15:45	[8] Dark photon searches at MAMI and MESA	DENIG, Achim
16:10	[9] Dark matter models with two mediators	DUERR, Michael
16:35	[10] Phenomenology of flavoured dark matter	KAST, Simon
