

MINI-WORKSHOP - RESONANT ATOM MAJORANA MIXING

Tuesday, 12 June 2018

Title: Penning Trap measurements to support direct neutrino mass determination - Gebäude 12 - Central seminar room
(10:00 - 10:30)

-Conveners: Sergey Eliseev

Title: Status of the TRAPSENSOR Penning-Trap Mass-Spectrometer - Gebäude 12 - Central seminar room (10:30 - 11:00)

-Conveners: Daniel Rodriguez

Title: Gauge invariance of quantum electrodynamics of multielectron atoms - Gebäude 12 - Central seminar room
(11:00 - 11:30)

-Conveners: Mikhail Krivoruchenko

Title: Status of the CRESST Project - Gebäude 12 - Central seminar room (11:30 - 12:00)

-Conveners: Christian Wittweg

Title: Oscillations of atoms and lepton number violation - Gebäude 12 - Central seminar room (13:30 - 14:00)

-Conveners: Fedor Simkovic

Title: Status of the ECHO Projekt - Gebäude 12 - Central seminar room (14:00 - 14:30)

-Conveners: Loredana Gastaldo

Title: Perspectives for double electron capture searches in the NEXT experiment - Gebäude 12 - Central seminar room
(14:30 - 15:00)

-Conveners: Michel Sorel

Title: End discussions - Gebäude 12 - Central seminar room (15:30 - 16:30)
